Dr. Moti Peleg is a relationship psychologist practicing in the field of mental health nearly 35 years.

Ronit Rinat Peleg is the founder of Council in Israel, and an experienced facilitator, trainer, and mentor.

The Ego2Heart Center is the result of the Pelegs' desire and dedication to help couples deepen their intimacy and enhance their relationship skills. Listening with full presence to "the voice of the relationship" is a medium that opens us up to wholeness and healing. This is the ultimate goal of the Weekend Retreat.

Visit our website for dates of upcoming Weekend Retreats.

The historic Hearts Ease mansion is beautifully restored and overlooks the Hudson River in West Park, NY. Couples enjoy a spacious private bedroom with en suite bath.

Do you want a deeper, more fulfilled and intimate relationship with your partner? This immersion weekend, led by Moti and Ronit Peleg, is a gift of time to yourselves to focus on your relationship. You will be inspired by the methods we practice to remove roadblocks to intimacy so you can both enjoy the passionate love you deserve. Your relationship can be improved with these methods of communication the more you are committed to practice them.

Weekend Retreats are usually offered the first weekend of each month, beginning Friday evening at 6 pm and ending Sunday at noon. Space is limited to six couples per weekend.

Complimentary lodging and meals are included in your 2-night Weekend Retreat held at the historic *Hearts Ease* mansion in West Park, NY – just 1.5 hours north of New York City. The spacious and stately mansion overlooks the Hudson River and has been completely renovated with spa facilities, private bedrooms, and en suite baths.
